209 BOWERY, NEW YORK

Was seen outside of town & heard them, very large flock of birds
that I had known before (28/29) No place where we could get
them & were so late for the train. Looked out at 10 P.M.
from window seat before getting away from Ogdensburg.

THESE SETS

must not be confounded with the cheap class of carving tool sets usually offered for sale. The carving tools are of the well-known S. J. Addis' London make, the sizes and sweeps being those generally used by practical wood carvers, and everything in the set is carefully selected and of the best quality.
